GUIDELINE FOR POSTER PRESENTATION

1. **Title and Authors**
   - ✔ Ensure that the title is clear and concise, accurately reflecting the main theme of the research.
   - ✔ Please include the names of all authors along with their affiliations.

2. **Layout**
   - ✔ Organise the content logically: Introduction, Methods, Results, and Conclusions.
   - ✔ Employ headings and subheadings to direct the viewer through the poster.

3. **Visual Elements**
   - ✔ Utilise high-quality graphics, charts, and images to convey information effectively.
   - ✔ Ensure the text is sufficiently large to be read from afar.

4. **Text**
   - ✔ Keep the text brief. Utilise bullet points for clarity.
   - ✔ Refrain from using long paragraphs.

5. **Colour and Design**
   - ✔ Adopt a cohesive colour scheme that is visually appealing and enhances readability
   - ✔ Steer clear of excessively bright or distracting colours.

6. **References**
   - ✔ Include a brief reference section for any significant literature cited in your work.

7. **Interactive Component**
   - ✔ If feasible, incorporate QR codes or links to additional materials for viewers to further explore.

8. **Printing**
   - ✔ Ensure that the poster is printed on an appropriate material for display
   - ✔ Verify the dimensions required by the conference.

9. **Presentation**
   - ✔ Please stand beside your poster during the presentation times.
   - ✔ Greet your visitors warmly and express enthusiasm for your work.

10. **Poster Size**
    - ✔ A0 (840mm*1890mm)

NOTE: *Following these guidelines, you can create a compelling and engaging poster presentation communicating your research and inviting discussion.*
